Re: Jamiel's Law

Dear Council Member Reyes:

Please pass Jamiel's Law.

Los Angeles should be a sanctuary for law-abiding American citizens and legal aliens, not for illegal aliens in gangs.

There is no legitimate reason to let gang members stay in our country illegally. We should therefore let our police officers investigate and arrest gang members, and people who appear to be gang members, for violating federal immigration laws.

Thank you in advance for seriously considering this matter.
